PROJECTS

XKCD Comic Mailer (08/2021 - 09/2021)
- A PHP application that accepts a visitor's email address and emails them random XKCD comics every five minutes.
- The app includes email verification to avoid people using others' email addresses.
- The comic image goes as an email attachment as well as inline image content. Emails also contain an unsubscribe link so the user can stop getting emails.
- Everything is done in core PHP including API calls, recurring emails, email attachments. There is no use of any libraries.

SimpleNotes PWA (02/2021 - 04/2021)
- Simple Notes is a progressive web application for taking notes.
- User can Create, Read, Update and Delete notes anytime.
- After exiting the app, notes are automatically saved in localStorage.

Quiz Management in C (09/2020 - 11/2020)
- A Quiz Management System which uses File Handling and runs in CLI.
- There are 2 rounds: Basic and Main. Student need to clear Basic round to reach Main round.
- All the questions and options will be fetched from text files and the result will also be saved to the text files.

WORK EXPERIENCE

Developer Intern
Medicento & YoursBiz
06/2021 - 07/2021   *Work From Home*
Medicento is a Health Tech Start Up in pharmaceutical space.
Responsibilities/Tasks
- Worked on structuring & designing of FrontEnd of Ad-Exchange website.
- Connected API endpoints in Payment-Tracker website.

Contact : Rekha Kumari - rekha@medicento.com
